In this Issue: New Inventory-Consumables

Welcome to 2011 First Edition GTS SLICE quarterly Newsletter. Geared to inform our customers what's going on @ www.gtsaz.com Over the past 6 months GTS has been busy refurbishing Dicing Saw's for numerous customers needs. The increased activity allowed us to invest in hiring an additional technician to service the growing customer base. We welcome Todd Schall to our team. Have you had the time to visit our www.allthingsdicing forum? GTS Created a forum to elaborate, share & post dicing concerns, successes for anyone in the world of dicing technology.

NEW INVENTORY

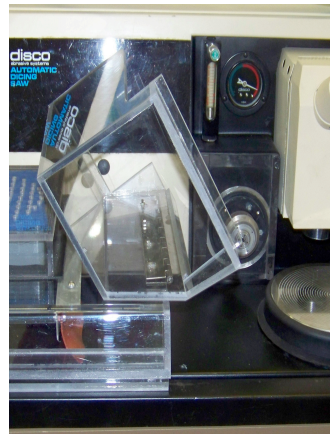

K&S 982-6

Disco Dad320

Disco Dad2h/6
